

SMALL COMMERCIAL VESSEL APPRENTICESHIP

 **Based in either Southampton or Milford Haven**

-  Are you looking for a career in the small workboat Maritime sector – working on a variety of specialist commercial vessels?
-  Do you want to become competent in a range of different deck-related and navigation skills?
-  Do you want to receive £22,000 of fully funded training?
-  Do you want to be a master of a workboat?
-  Do you want to work across a variety of vessels doing different tasks in different locations?

If so, consider this exciting, dynamic job on the water.

Key competencies include:

-  Communications using VHF/UHF radios
-  Navigation and vessel handling using bridge equipment
-  Berthing and mooring vessels
-  Towing operations and laying moorings
-  Safe practices on board and personnel transfers
-  Cargo handling using slings, cranes and securing cargo
